August 2011

Dear Parents,

I am excited to write to you to announce an upcoming and important fundraising event at Wyoming Area Catholic School. The proceeds from this event will be used directly to benefit your child(ren)'s educational experience at Wyoming Area Catholic.

Our school will be conducting a **Race for Cougars** on Friday, October 14<sup>th</sup>. This year, parents will be able to credit 25% of the net profits towards tuition reduction. The other 75% will be used to update our computer lab to accommodate Rosetta Stone which is a language software program. Please support this program so we can offer our students updated technology.

Students will walk or jog around an approximate ¼ mile area in the back playground area as many times as possible in a one-hour time period. Each student will raise funds by asking sponsors to contribute a tax-deductible gift based on the laps completed (i.e., \$1.00 per lap, etc.) or a flat donation, if they prefer.

In the first brown envelope, your child(ren) will be coming home with a packet of information about the October 14<sup>th</sup> **Race for Cougars**. Please review the information carefully. Your participation is critical to the success of this program.

Our goal is to raise \$15,000. Comparing our student enrollment to other schools in the area that have conducted this type of program, we feel confident that we can reach our goal! You can enable us to reach this goal by spending just two hours or less helping your child fill out a label sheet with the names and addresses of potential sponsors. The label sheet will be attached to the information packet that your child brings home on August 29<sup>th</sup>.

I have enclosed a volunteer form for you to complete if you are interested in helping out on that day. **All volunteers must be VIRTUS trained and must have clearances on file in our office.**

We are looking forward to a very successful **Race for Cougars**, and thank you in advance for your cooperation and support.

Sincerely,

Mrs. Procopio  
Principal
